Veritas

Former Wolf-Gordon creative director Marybeth Shaw's new firm, Shaw-Jelveh Design, helped to create **Encapsulated Objects** panels. The advanced resin material that locks the objects into place is guaranteed not to off-gas and is recyclable, food-safe, and fire-rated for commercial use. Sheets measure 4 by 8 feet. Through Robin Reigi, 48 West 21st Street, New York, NY 10010; 877-411-8008; veritasideas.com. **circle 709**
